

Farewell, Farewell, My Morning Dawns

1. Farewell, farewell, my morn-ing dawns, Farewell, my rest I see.
 2. Farewell, farewell, I wait - ed long For this glad hour and bright,
 3. Farewell, farewell, soon shall be - gin, With an - gels hand in hand,
 4. Farewell, farewell, let me go on That end - less rest to share;

The strife is o'er, my morn-ing dawns, The Mas - ter call - eth me.
 When through earth's night vic-to-rious-ly Breaks heaven's morning light.
 The sweet-est of blest Zi-on's songs In yon - der fa - ther - land.
 Be faith-ful till the Sav-ior calls, Fare-well, till we meet there!
